City to Offer Compost

The City of Norman announces that it has approximately 2,500 cubic yards of compost ready for release. There is no charge for those citizens that load the compost themselves. Otherwise, the compost is \$10 per scoop, 3 cubic yards or approximately 2,000 pounds, for those residents that request the City to load the compost into their vehicle. This compost is excellent for home landscaping and the garden.

The compost may be picked up at the City of Norman's Compost Facility, which is located at 398 Bratcher Miner Road just south of Highway 9 and off of Jenkins Ave. Citizens with questions concerning the compost release may call the Compost Facility at 292-9725 or the Sanitation Division at 329-1023.

Hours of operation: Monday-Friday 7:30-4:00
Saturday 8:00-1:30 thru the month of October.
